Important notes

This placemat contains only general information and does not have regard to the specific investment objectives, financial situation and particular needs of any specific person. This is not a contract of insurance and is not intended as an offer or recommendation to buy the product. A copy of the product may be obtained from our authorised product distributors. You should read the Product Summary before deciding whether to purchase the product. You may wish to seek advice from a Financial Planner before making a commitment to purchase the product. In the event that you choose not to seek advice from a Financial Planner, you should consider whether the product in question is suitable for you. Please also refer to the policy contract for the exact terms and conditions, specific details and exclusions of this product. As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. It is also detrimental to replace an existing life insurance policy with a new one as the new policy may cost more or have fewer benefits at the same cost.
