Your employees deserve the best
care possible, anywhere they are,
whatever they do.

HSBC Life Benefits+ International gives them:

Access to reputable private hospitals worldwide and local outpatient network

The plans come with high-limit in-patient cover, so they never have to worry about costs. They also have access to a wide network of general practitioners and specialists in Singapore. We'll settle the bills within our direct settlement network – nothing goes out of their pockets, so they can focus their energy on getting better. And as an added bonus, we'll pay for companion accommodation so their loved ones can be there for them as they receive treatment in hospital.

Cover for pre-existing conditions

We can offer cover for pre-existing conditions, subject to a limit, from day 1 for groups as small as 3 employees. If you are interested in Medical History Disregarded (MHD) term, i.e. full cover for all pre-existing conditions, we can offer this option for groups with 10 employees or more.

A wide spectrum of wellness and preventative healthcare benefits

We also cover a variety of out-patient consultations and treatments so your employees can optimise their state of health. These include medical consultations, prescriptions, health screenings, vaccinations and alternative therapies.

24/7 professional medical information hotline - health at hand

For a quick opinion on any issue that could affect their health, ring or email our nurses, midwives, pharmacists or counsellors anytime for a helpful, confidential chat. Our professionals can also send your employees fact sheets on useful topics like health, counselling, prescriptions, travel well-being, healthy living, men's health and women's health.

24/7 lifestyle benefits from the resourceful HSBC Life concierge team

We want to support your employees as they recover. Our dedicated concierge team can help your employees in practical ways like booking their flights if treatment requires overseas travel, organise accommodation for accompanying loved ones, and even get tickets for concerts, make dining reservations at restaurants and more.

HSBC Life Benefits+ International - Frequently asked questions

Q1. What types of health plan are available?

There are 3 main plans designed to meet your company's needs:

- **Plan A** - Comprehensive inpatient treatment, outpatient treatment and maternity benefit.
- **Plan B** - Comprehensive inpatient and outpatient treatment.
- **Plan C** - Comprehensive inpatient treatment and essential outpatient treatment.

Q2. Is there a minimum group size needed to start or renew a policy?

Yes, a minimum of 3 employees is required.

Q3. Who is eligible for coverage?

Your full-time, permanent and actively at-work employees who are between 18 years and 65 years of age (next birthday), working and residing here in Singapore, may be covered under this policy. Foreign employees not residing in Singapore may also be covered under this policy if they are living outside their home country.

Spouses and children of your eligible employees are also eligible to be covered on either a compulsory or voluntary basis, provided they are insured under the same policy and plan as your eligible employees.

Q4. Will my employees be covered if they travel outside the chosen area of cover?

Yes, they are covered for up to SGD250,000 / USD200,000 for non-elective and immediate emergency treatment.

Q5. Are pre-existing and congenital conditions covered?

Pre-existing conditions are covered for up to SGD7,500 / USD6,000.

For larger groups, this sub-limit can be removed for pre-existing conditions to be covered under the overall benefits.

Congenital conditions requiring inpatient or daycare treatment are covered under "Newborn cover - Congenital conditions" in plan A or "Congenital conditions" in plans A or B.

Q6. Can my employees choose the medical practitioner or country for their treatment?

Yes, they may seek treatment from any registered medical practitioner in any country within the insured area of cover subject to reasonable and customary charges.

Q7. Will my employees be penalised if they go outside the HSBC Life network of hospitals?

There is no additional co-payment if they go outside the HSBC Life network of hospitals. However, we may not be able to arrange direct settlement facilities for their treatment. The total amount payable for an eligible medical condition is subject to reasonable and customary charges.

Q8. What are the benefits of seeking pre-authorisation for treatment?

The pre-authorisation process allows us to assure your employees that

- their treatment is covered, and
- inform them of proportion of medical costs covered under their plans.

For cases where pre-authorisation is not possible, your employees may still file for a claim by submitting medical bills and supporting documents to HSBC Life for assessment.

Q9. Can my employees continue cover if and when they leave the company?

Yes, they may continue cover by applying for HSBC Life's group leaver policy.

Please contact us or your Financial Planner to find out more.

Q10. I am interested. How do I obtain a quotation?

Please complete and submit a group insurance fact finding form together with the particulars of proposed lives and selected benefit types to obtain a quote.
