PART A: WHAT YOU SHOULD KNOW ABOUT EARLY WITHDRAWAL/SURRENDER OF YOUR INVESTMENT-LINKED POLICY

IMPORTANT NOTICE

- An insurance policy is intended to meet your long-term financial needs. Therefore, it may be disadvantageous for you to partially withdraw or surrender a policy before its maturity date. Some disadvantages are:
 - You are losing valuable benefits from the policy:
 - You are losing the insurance protection offered by your policy;
 - You may not be able to achieve your intended financial objective; and
 - This may result in losing any financial benefit accumulated over the years.
 - It may not be possible for you to obtain a similar level of protection on the same terms in the future.
 - You may not be insurable on standard terms;
 - You may have to pay a higher premium in view of higher age; and
 - Withdrawing/Surrendering your insurance policy and switching to another policy could result in a loss of specific policy features due to changes in age or health.
- Additional Charges/Fees**
 If you withdraw/surrender your investment-linked policy and then buy a new investment-linked policy or other investment product, or top up on another one of your existing investment-linked policies or other investment product, you will incur new charges. These may include:
 - Distribution Fee**
 Commission is paid to Financial Consultants on all new insurance policies / investment products.
 - Administration Charge**
 There could be an administration charge for each new policy / investment product. The administration charge can be as high as 5% of your investment-linked fund. For example, on a single premium investment of S\$10,000, an administration charge of S\$500 would be deducted.
 - Policy Fee**
 A policy fee is usually incurred for each policy.
 - Surrender Penalty**
 A surrender penalty will be applicable to your policy if you partially withdraw / surrender your policy during the surrender penalty period. This surrender penalty is a charge and will not be refunded to your policy after the surrender penalty period.

3. **Fund Switching Facility**

Instead of withdrawing/surrendering your investment-linked policy because the fund you have bought is not meeting your initial or current investment objectives, you may choose to switch to other fund(s) offered by the Company at its bid price without incurring any charges.

4. **Other Options**

Instead of withdrawing/surrendering your investment-linked policy, you may wish to enquire whether there are other options available under your policy to meet your short term financial needs. Some options are:

- Opt for a premium holiday if your policy has accumulated cash value. This allows you to temporarily stop paying premiums; or
- Reduce the policy's regular premiums (applicable only to regular premiums policies). This allows you to reduce your ongoing financial commitment to the policy.

5. **Seeking Advice From Your Financial Consultant**

It is important to seek advice from your financial consultant before early partial withdrawal/surrender of your investment-linked policy or other investment product. Your financial consultant can advise you on options other than withdrawing/surrendering the policy, explain the implications of each option, and provide appropriate recommendations to you, taking into account your investment objectives, financial situation and particular needs.
