**Consent to use of personal data**

I understand that HSBC’s Data Privacy Policy (which may be found at <https://www.insurance.hsbc.com.sg/privacy-and-security/>) forms a part of the terms and conditions governing my relationship with HSBC. I consent to the collection, use and disclosure of my personal data for the purposes set out in the Data Privacy Policy.

Due to US insurance regulatory requirements, you are not to enter the US or any territory subject to US jurisdiction at the time of considering or deciding relevant matters on the insurance product, otherwise the request effected hereunder may be void.

### PART A: WHAT YOU SHOULD KNOW ABOUT INVESTMENT-LINKED INSURANCE POLICIES

An insurance policy is intended to meet your long-term financial needs. Investing in units of an investment-linked Fund (“Fund”) is meant to produce returns over the long term. You should not expect to obtain short term gains from such investments. You may switch your investment to other Funds offered by HSBC Life (Singapore) Pte. Ltd. or redirect your future premium to the Funds of your choice while the policy is in force.

**Risk of Investing in a Fund:** Before investing in any Funds, You should consider the risks of investing in the Fund. Generally, some of the risk factors that you should consider are market & credit risk, liquidity risk and product-specific risks. The degree of risk depends on the investment approach, the geographical area of investment and types of investment underlying the Fund. You should consider investing in Funds that are aligned with your investment risk appetite.

**Fund Performance:** The past performance of any Fund is not necessarily indicative of the future or likely performance of the Fund. You should note that the value of the units, and income accruing to the units, may fall or rise and that you may not get back your original investment. Fund prices are published on the day after valuation of the respective Funds and can be found on our website.

**Changes in Insurance Charges:** Depending on the plan type, a top-up may be subject to underwriting and may result in a change in your sum insured and a change in insurance charges on your policy.

Should you need any clarification on the risks and implications of your request(s), you should consult your financial consultant, who will assess and advise you on the suitability of your request, before proceeding.

**Pursuant to the Notice on Recommendation on Investment Products (FAA-N16) issued by the Monetary Authority of Singapore pursuant to the Financial Advisers Act, where the underlying investment product is an unlisted Specified Investment Product (“SIP”), a Financial Adviser (i.e. HSBC Life (Singapore) Pte. Ltd.) is required to conduct a Customer Knowledge Assessment (“CKA”) before making any recommendation. The purpose of the CKA is to assess if you have the relevant knowledge or experience to understand the risks and features of unlisted SIPs, which include investment-linked insurance products (“ILP”).**

**If you are assessed to have the relevant experience and/or knowledge to transact in ILPs, you may proceed with the policy change(s). However you are strongly encouraged to talk to your financial consultant to better understand the risks and implications involved in the policy change(s). The completed CKA form must be submitted together.**

**If you are assessed not to have the relevant experience and/or knowledge to transact in ILPs, you must approach your financial consultant or visit our Customer Service Centre to complete a Goal Planner / Personal Financial Review before you can proceed with the policy change(s). We will act on any policy change(s) only after the “Financial Consultant’s Declaration” section has been completed by a Financial Consultant.**
