KEY FEATURES OF THE ILP SUB-FUND

WHAT ARE YOU INVESTING IN?

The ILP Sub-Fund invests 100% into HSBC Portfolios – World Selection 5 (the "Sub-Fund"). The Sub-Fund is incorporated in the Grand Duchy of Luxembourg and qualifying as an Undertaking for Collective Investment in Transferable Securities (UCITS) complying with the provisions of Part I of the 2010 Law.

Refer to Section 2, Section 5 and

¹The ILP Sub-Fund is not classified as Excluded Investment Product.

<p>The Sub-Fund aims to provide long term total return by investing in a portfolio of fixed income and equity securities consistent with a high risk investment strategy.</p> <p>The Sub-Fund does not intent to declare dividend.</p>	<p>Section 16 of the Fund Summary for further information on features of the ILP Sub-Fund.</p>
<p style="text-align: center;">Investment Strategy</p>	
<p>The Sub-Fund invests (normally a minimum of 90% of its net assets) in or gains exposure to:</p> <ul style="list-style-type: none"> - Fixed income and equity securities directly into markets and/or through investments in UCITS and/or other Eligible UCIs. - Other asset classes including, but not limited to, real estate (no direct real estate), private equity, hedge fund strategies and commodities through investments in equities securities issued by companies based or operating in developed or Emerging Markets, UCITS and/or other Eligible UCIs. <p>The Sub-Fund may invest in:</p> <ul style="list-style-type: none"> - Investment Grade and Non-Investment Grade rated fixed income securities issued or guaranteed by governments, government agencies or supranational bodies of developed markets and/or Emerging Markets or by companies which are based in or carry out the larger part of their business in these markets. - Equities and equities equivalent securities issued by companies which are based or operating in developed markets and/or Emerging Markets, across a range of market capitalizations. <p>The Sub-Fund may also invest up to 100% of its assets in units or shares of UCITS and/or other Eligible UCIs (normally between 50% and 100%) and up to 10% of its net assets in securities issued by or guaranteed by any single sovereign issuer with a credit rating below Investment Grade.</p> <p>The Sub-Fund will invest in HSBC sponsored and/or managed UCITS and/or other Eligible UCIs unless an appropriate fund is not available.</p> <p>The Sub-Fund's primary currency exposure is to the US dollar and underlying securities are denominated either in US dollar, in other developed markets currencies hedged into US dollar, or in local Emerging Markets currencies. The Sub-Fund may also invest in unrated fixed income securities.</p> <p>The Sub-Fund may achieve its investment policy by investing in financial derivative instruments. However, the Sub-Fund does not intend to invest in financial derivative instruments extensively and its primary use will be for hedging purposes, cash flow management and tactical asset allocation. Financial derivative instruments may also be used for efficient portfolio management.</p> <p>The Sub-Fund may be leveraged through the use of FDIs.</p> <p>The Sub-Fund is actively managed and is not constrained by a benchmark.</p>	<p>Refer to Section 5 of the Fund Summary for the further information on the investment focus and approach of the ILP Sub-Fund.</p>
<p style="text-align: center;">Parties Involved</p>	
<p>WHO ARE YOU INVESTING WITH?</p> <ul style="list-style-type: none"> • The management company - HSBC Investment Funds (Luxembourg) S.A. • Investment adviser – HSBC Global Asset Management (UK) Limited • Custodian/Depository Bank/Registrar – HSBC Continental Europe, Luxembourg 	<p>Refer to Section 3 of the Fund Summary for further information on the roles and responsibilities of these entities and what happens if they become insolvent.</p>
<p style="text-align: center;">Key Risks</p>	

<p>WHAT ARE THE KEY RISKS OF THIS INVESTMENT?</p> <p>The value of the Sub-Fund's assets may rise or fall due to normal market fluctuations and investors may not get back all of their investment.</p>	<p>Refer to Section 7.1 of the Fund Summary for further information on risks of the ILP Sub-Fund.</p>
<p>Market and Credit Risks</p>	
<p>You are exposed to Market Risk The value of investments may be affected by uncertainties such as international, political and economic developments or changes in government policies.</p> <p>You are exposed to Foreign Exchange Risk The underlying assets of the Sub-Fund may be denominated in currencies other than the currency of the share class you have invested into. The value of your investment may rise or fall in line with movements in the relevant exchange rates.</p> <p>You are exposed to Credit Risk The Sub-Fund's exposure to bonds is subject to the credit risk of the issuers of the bonds. When the issuer of a bond defaults, the Sub-Fund may suffer a loss amounting to the value of such investment.</p> <p>You are exposed to Non-Investment Grade Debt / Unrated Debt Risk Non-investment grade bonds or unrated fixed income securities are subject to higher credit risk (default risk and downgrade risk), liquidity risk and market risk than investment grade bonds, as they may be subject to a higher risk of default and greater price volatility. Investment grade bonds may be subject to the risk of being downgraded to non-investment grade bonds.</p> <p>You are exposed to Interest Rate Risk Bonds and other fixed income securities are more susceptible to fluctuation in interest rates and may fall in value if interest rates change.</p> <p>You are exposed to Counterparty Risk The Sub-Fund is exposed to the risk that any counterparty with which it trades may default on its obligations (e.g. due to insolvency) and thus cause losses to the Sub-Fund.</p>	<p>Refer to Section 7.2 of the Fund Summary for further information on market risk of the Underlying Sub-Fund.</p>
<p>Liquidity Risks</p>	
<p>The Sub-Fund is not listed in Singapore and there is no secondary market for its Shares. You can only redeem your investment on a Dealing Day through HSBC Life.</p> <p>Investment of the Sub-Fund's assets in relatively illiquid investments may restrict the ability of the Sub-Fund to dispose of its investments at a price and time that it wishes to do so. This may result in a loss to the Sub-Fund.</p>	<p>Refer to Section 7.1 of the Fund Summary for information on liquidity risks of the ILP Sub-Fund and Section 9 of the Fund Summary for further information on Suspension of Dealings of the ILP Sub-Fund.</p>
<p>Product-Specific Risks</p>	
<p>You are exposed to the risk associated with the Specific Nature of Fund-of-Funds There is no assurance that the investment into underlying funds will result in an effective diversification of investment styles and that the position taken by the underlying funds will always be consistent. There is also no assurance that the liquidity of the underlying funds will always be sufficient to meet redemption requests.</p> <p>You are exposed to the risk of Duplication of Costs The Sub-Fund will incur costs related to investments in underlying funds in addition to its own fees. This includes the management and administration fees of the underlying funds.</p> <p>You are exposed to Emerging Markets Risk The Sub-Fund may invest in both developed markets and emerging markets. Investing in emerging markets involves a greater risk of loss than investing in more developed</p>	<p>Refer to Section 7.2 of the Fund Summary for further information on specific risks of the Underlying Sub-Fund.</p>

markets due to, among other factors, greater political, tax, economic, foreign exchange, liquidity, market volatility (such as interest rate and price volatility) and regulatory risks.

You are exposed to Derivatives Risk

The Sub-Fund may use financial derivative instruments for the purpose of cash flow management, hedging, tactical asset allocation and efficient portfolio management. Financial derivative instruments may be leveraged and their prices can be very volatile. Investment in these instruments may result in losses in excess of the original amount invested.

You are exposed to Alternative Investment Risk

The Sub-Fund may gain exposure to hedge fund and absolute return strategies (which may be extremely volatile) and the private equity and the real estate sectors (which may be less liquid). Because of their special and higher risks, substantial or, in certain cases, total loss may result with respect to investments in those asset classes.
