This refers to charges for medical care which shall be considered by us or by our medical advisers to be reasonable and customary to the extent that they do not exceed the general level of charges being made by others of similar standing in the locality where the charges are incurred when giving like or comparable treatment. We will base that calculation on a combination of our global experience, statistical information provided by local health authoritative body and information collected from medical specialists and surgeons practicing in the country or area where the treatment is received.

For the avoidance of doubt when comparing treatment, we will take into account the complexity of the procedure and the standard of the medical facility where the treatment is received. If the charges are higher than is customary, we will only pay the amount which is, in our experience, customarily charged and you will have to pay the rest. If your treatment requires more than one specialist or surgeon present at the same operative (surgical) session, we shall review the medical necessity in the management of such surgical problem or medical condition in terms of the different trained skills and complexity of the services provided as an identification to cover the total services. No additional benefits or cost is payable for surgical assistants.

For medical treatment and services incurred in Singapore, we shall also reference the guidelines and published fee benchmarks provided by Singapore Ministry of Health (MOH). In the event that the particular eligible treatment or service is not stated on the MOH published fee benchmark, we reserve the right to base the reference charge or proportionately reduce any claim to reflect the average charge of 2 physicians in the same specialty for the same surgical intervention or treatment. In the event of any differences in opinions between our medical advisers or physicians and your physicians, our medical advisers or physicians opinion shall prevail.

## 9. Free look period

Coverage for your policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact your insurer or visit the GIA/LIA or SDIC web-sites (www.gia.org.sg or www.lia.org.sg or www.sdic.org.sg).
