Key product provisions

Who is eligible for cover under HSBC Life International Exclusive?

A customer must be aged at least fifteen (15) days old and not more than eighty (80) years old at the time of application to be eligible for cover under this product.

For a child aged between fifteen (15) days old to five (5) years old to enrol on a standalone policy, 20% premium loading on the prevailing brochure premium rates will apply at the time of application or renewal (whichever is applicable). The policyholder must either be the child's parent or legal guardian.

When the parent of a newborn baby is already covered under an HSBC Life International Exclusive policy, the baby may be added to the parent's policy without further underwriting by paying the applicable premium and enjoy cover commencing at the time of birth provided:

- (a) we are requested to add that baby to the parent's policy within thirty (30) days from the time of birth; and (b) the parent has been continuously covered under the policy for at least 365 days when the baby is born.
- If the requirements stated in point (a) and (b) above are not met, a newborn baby may only be added to the policy subject to the normal application process.

There may also be some limits to our cover if any of the following apply:

- either parent has had any kind of fertility treatment and the babies are either a single or multiple birth; or
- the babies are either a single or multiple birth and were born after assisted reproduction; or
- you have adopted the baby.

You can add a baby born after fertility treatment, or following assisted reproduction (such as IVF), or who you have adopted, to your policy. As with most health insurance, our cover for treatment has a few limits in these situations. If you have adopted a baby, or if you have a single or multiple birth after fertility treatment or following assisted reproduction:

- we may ask for more details of the baby's medical history
- we will not cover treatment in a Special Care Baby Unit or paediatric intensive care immediately after the birth
- we may add other conditions to the baby's cover. For example, we may limit their cover for pre-existing conditions.

We count fertility treatment as either parent taking any prescription or non-prescription drug or other treatment to increase fertility.

For a female customer age 18 and above who requires cover for normal (routine) pregnancy and childbirth, you can buy an optional add-on rider (applicable to Plan A only).

We will offer renewal beyond age eighty (80) so that members can enjoy the peace of mind of continuing their cover subject to payment of applicable premium.

HSBC Life International Exclusive is underwritten by HSBC Life (Singapore) Pte. Ltd. and reinsured by AXA PPP Healthcare. HSBC Life International Exclusive is designed for customers residing in Singapore, whether they are Singapore Citizens, PRs or foreigners, and for expatriates that we defined as people residing outside of their home country as stated in their passport. When a customer ceases to be an expatriate or a Singapore resident, HSBC Life (Singapore) Pte. Ltd. will have to stop renewing this policy.

Health insurance regulations vary a lot from country to country. It is important to note that HSBC Life International Exclusive may not be recognised by any other local insurance regulators outside of Singapore. As such you may need to purchase a local health insurance product in your country of residence to comply with local regulations.

Finally, as much as we would want to provide cover to customers residing outside of Singapore, there are some countries where we won't be able to sell or renew HSBC Life International Exclusive. When such situation occurs and to give our customers enough time to organise their coverage, HSBC Life (Singapore) Pte. Ltd. will be able to provide cover until the policy expiry date where the customer ceases to be eligible under HSBC Life International Exclusive. In countries where AXA PPP Healthcare is licensed to sell private medical insurance, customers may be able to transfer to an equivalent product on no worse terms basis and subject to applicable premiums.

Key product provisions

Key product features

This is only a brief summary of the key features and we encourage you to refer to the actual terms and conditions in the contract. Please consult your insurance advisor should you require further explanation.

a) A unique pre-existing conditions benefit

As you would expect, private healthcare is designed primarily to provide cover for treatment of new medical problems arising after joining.

HSBC Life International Exclusive Plans A and B provide cover for treatment of conditions declared on the application form, whether chronic or not, which existed before a member becomes eligible for benefits under a particular plan. This is subject to a waiting period of 270 consecutive days of membership under the same plan. In those first 270 days of cover, treatment of specific medical conditions may be excluded. However, treatment of certain conditions, which are unlikely to recur, may be covered from the date a member is first eligible for benefits under a particular plan.

For us to be able to determine whether treatment of a condition will be covered in the first 270 days and/or to be eligible for benefit thereafter, each member must have completed a full medical declaration, in detail, when first applying for cover. After the application process is complete, we will send you a membership statement that will clearly show the medical conditions for which you are not covered for treatment for the first 270 days. We may ask for a medical report, at your own cost, to clarify the status of any medical condition.

No treatment of any pre-existing condition, whether chronic or not, will be eligible for benefit at any time if the condition has not been declared to us on the member's original application form.

Please note that it is important you give us full details of any member's medical history on an application. Failure to declare any medical condition of which you should reasonably have been aware may result in treatment of that condition being excluded from all future cover with us or cancellation of your policy.

b) Our approach to cancer care

Where oncology treatment and related eligible expenses apply to a medical condition arising after the date of acceptance of a member, by us, for cover under HSBC Life International Exclusive, such costs will be payable out of the overall limits of the plan under which the member is covered at the time of first diagnosis of the condition. Any outpatient drugs or other drugs prescribed by a medical practitioner is covered under the 'Primary and specialist care' benefit where available under the member's plan.

Oncology treatment and related eligible expenses, where applicable to a medical condition or symptoms that existed prior to the member first being accepted by us for cover, will be subjected to the terms and limits applying to the benefit for 'Pre-existing conditions' shown in the clarifications and benefits table.

Please note that the maintenance phase of any treatment (such as the administering of herceptin or similar drugs which are not classed as active treatments) will be paid for under the outpatient treatment benefit where available under your plan. Preventative medical examinations or routine follow-up consultations when the member does not have symptoms of cancer will be paid under the 'Health screen' benefit. HSBC Life International Exclusive Plan C does not provide cover for maintenance of any treatment received as an outpatient.

c) Full cover for kidney dialysis

Where kidney dialysis treatment and related eligible expenses apply to a medical condition arising after the date of acceptance of a member, by us, for cover under HSBC Life International Exclusive, such costs will be payable out of the overall limits of the plan under which the member is covered at the time of first diagnosis of the condition.

Kidney dialysis treatment and related eligible expenses, where applicable to a medical condition or symptoms that existed prior to the member first being accepted by us for cover, will be subjected to the terms and limits applying to the benefit for 'Pre-existing conditions' shown in the clarifications and benefits table.

Key product provisions

d) Full cover for chronic conditions

HSBC Life International Exclusive covers the maintenance of chronic conditions as well as treatments for complications arising from chronic conditions for which first symptoms became apparent after the member was accepted, by us, for cover on a particular plan.

Maintenance of chronic conditions refers to consultation charges, medications and routine investigations. HSBC Life International Exclusive Plans A and B provide cover for the maintenance of chronic conditions first arising after you have been accepted, received as an outpatient. Plan C only provides hospitalisation cover including pre & post-hospitalisation, therefore, generally does not provide cover for the maintenance of chronic conditions.

If there were any symptoms prior to inception of your policy these must have been declared to us, in good faith, on the member's original application form. Provided such a declaration was made and accepted by us, treatment of the condition would be covered under the 'Pre-existing conditions' benefit (if available) under your plan.

e) Psychiatric illness

Your policy covers treatment of psychiatric illness, whether received as an inpatient, daycare or outpatient (except for Plan C), up to the level shown in the benefits table for your plan.

f) Waiting period

As shown in the benefits table applicable to your plan, some benefits are subject to a waiting period starting from the date such benefit becomes available under your plan. No benefit for treatment received during the waiting period will be payable.

The following benefits will not be payable during the specified waiting periods:

Benefits	Waiting period (from date of commencement of cover, or from the date of plan upgrade, or reinstatement date, whichever date is later)
Pre and post-natal complications, hospice and palliative care	365 days
Pre-existing conditions	270 days
Congenital conditions	270 days
Investigation into infertility	18 months
Treatment for HIV/AIDS	36 months
Vaccination	90 days
Living organ donor	24 months
Optional add-on rider: normal (routine) pregnancy and childbirth*	365 days

^{*} Waiting period is applicable if you are covered under Plan A and you have opted for this optional add-on rider.

Key product provisions

g) Exclusions

There are certain conditions under which no benefit will be payable. These are stated as exclusions in the policy contract. The following is a list of some of the exclusions applicable under this product. You are advised to read the policy contract for the full list of exclusions. These exclusions include but are not limited, to the following:

- We will not pay for any treatment, or for International Emergency Medical Assistance, if they are needed as a result of nuclear contamination, biological contamination or chemical contamination, whilst engaging in or taking part in war, act of foreign enemy, invasion, civil war, riot, rebellion, insurrection, revolution, overthrow of a legally constituted government, explosions of war weapons, illegal activities or any event similar to one of those listed. This includes any treatment needed as a result of the member exposing himself to needless peril, such as going to a place of unrest as an active onlooker or a spectator. Please note, for clarity: There is cover for treatment required as a result of a terrorist act providing that terrorist act does not result in nuclear, biological or chemical contamination.
- Claims in respect of treatment received outside the area of cover or if the member travelled against medical advice even if it is inside the area of cover.
- Treatment which arises from or is directly or indirectly caused by a deliberately self-inflicted injury or an attempt at suicide.

h) Pre-authorisation

The reason that we recommend pre-authorisation of planned treatment is to protect you from unexpected costs. When issuing confirmation of cover in this way, we confirm the following:

- The planned treatment is eligible under your policy
- The planned treatment is medically necessary
- The planned treatment is within reasonable and customary (R&C) cost
- The planned treatment cost falls within the remaining benefit limit of your plan

You should seek our written pre-authorisation for the following treatment and services at least five (5) working days prior to commencement of the treatment for which authorisation is required:

Inpatient and daycare

- All inpatient and daycare admissions;
- All non-emergency tests, diagnostics, treatment, surgery and other medical services;
- All inpatient maternity services;
- All inpatient dental services;
- Special nursing in hospital and/or any nursing at home after discharge;

j) Free-look period

You have a free-look period of 14 business days from the date that you receive the policy to review it. You are deemed to have received the policy within three (3) days after we have dispatched it. If you decide that this policy does not suit your needs, you may request to cancel it by giving us clear, written instructions and returning the policy and membership card(s) to us within the free-look period. Provided that no claims have been made during this period, we shall refund the premiums paid by you in full without interest. Free-look period will not apply to policy renewals.

k) Policy renewal/renewal premium

This is a short-term accident and health policy and we are not required to renew this policy. We may terminate this policy by giving you 30 days notice in writing.

Your policy is valid for one year unless we have agreed on a different validity period. At the end of that time, provided the plan you are on is still available, you have a right to renew this policy on the terms and conditions applicable at that time by paying the premium applicable at the time of renewal.

Premium rates are not guaranteed and the premium payable at renewal shall be determined at each renewal based on the attained age of each member, the premium rates then in effect, and any other factors which may materially affect the risks insured.

We can change all or any part of the policy including the policy schedule or these terms, but only for the reasons shown in our membership agreement or policy, and the changes will only apply to you when you renew unless we are obliged by law to apply any change with immediate effect. We will provide you thirty (30) days notice of the changes and will send details of them to the address we have for you on our records. The changes will take effect from when you renew or when applied by law even if, for any reason, any member does not receive details of them.

I) Cancellation clause

We have the right to cancel this policy at any time by giving you no less than thirty (30) days notice in writing. We will refund you premiums on a pro-rata basis from the end of Gregorian calendar month in which cancellation takes effect provided you have returned to us the policy documents including the membership card(s). We will not refund premiums if any claim, however small, has been made in the current year.

Key product provisions

m) Reasonable & customary charges

This refers to charges for medical care which shall be considered by us or by our medical advisers to be reasonable and customary to the extent that they do not exceed the general level of charges being made by others of similar standing in the locality where the charges are incurred when giving like or comparable treatment.

We will base that calculation on a combination of our global experience, statistical information provided by local health authoritative body and information collected from medical specialists and surgeons practicing in the country or area where the treatment is received.

For the avoidance of doubt when comparing treatment, we will take into account the complexity of the procedure and the standard of the medical facility where the treatment is received.

If the charges are higher than is customary, we will only pay the amount which is, in our experience, customarily charged and you will have to pay the rest. If your treatment requires more than one specialist or surgeon present at the same operative (surgical) session, we shall review the medical necessity in the management of such surgical problem or medical condition in terms of the different trained skills and complexity of the services provided as an identification to cover the total services. No additional benefits or cost is payable for surgical assistants.

For medical treatment and services incurred in Singapore, we shall also reference the guidelines and published fee benchmarks provided by Singapore Ministry of Health (MOH). In the event that the particular eligible treatment or service is not stated on the MOH published fee benchmark, we reserve the right to base the reference charge or proportionately reduce any claim to reflect the average charge of 2 physicians in the same specialty for the same surgical intervention or treatment. In the event of any differences in opinions between our medical advisers or physicians and your physicians, our medical advisers or physicians opinion shall prevail.

n) Distribution cost

The total distribution cost of this product is between 0% - 23% of the premium. Such costs include cash payments in the form of commission, costs of benefits and services paid to the distribution channel. We assure you that the total distribution cost is not an additional cost to you, as it was already accounted in the calculation of your premium.

Our note to you:

When switching from one health insurance product to another, you should consider carefully as there may be disadvantages in doing so. The new policy may cost more or have fewer benefits at the same cost.

Country of residence

The country where you live or intend to live for most of the year being 185 days or more and which will be shown as your address and place of residence in our records.
