

HSBC Life Diamond Prestige IUL III – Product video transcript

Every diamond begins with the promise of brilliance, just like every hope we hold for our loved ones.

But a brilliant future is never left to chance. It is imagined, planned and forged with intention. The future you've envisioned deserves a solution designed with precision.

HSBC Life Diamond Prestige IUL III is a plan built with precision for lasting wealth across generations, through a perfect blend of investment and protection.

It brings together a General Account that offers stable returns, and an Index Account that supports investment growth. You can choose from multiple indices to capture potential upside gains. From policy year 11 onwards, you can further boost your potential returns.

Even when markets fluctuate, a floor rate as high as 1% protects your wealth from market losses.

True wealth is not only about what you grow, it's also about what you choose to protect. With lifelong coverage, HSBC Life Diamond Prestige IUL III helps to protect your legacy.

As your life evolves, you can change the life insured to suit your needs.

You can also tailor your payout into instalments to provide ongoing financial support for your loved ones.

Just like how every piece of fine jewellery is carefully crafted over time, HSBC Life Diamond Prestige IUL III lets you shape a timeless legacy for generations to come.

Forge your legacy with us today.
