2. BEFORE YOU PROCEED

What You Need To Know About Early Withdrawal or Surrender Of Your Insurance Policy (Investment-Linked Policy - ILP & Traditional)

- 1. An insurance policy is intended to meet your long term financial needs. Therefore, it may be disadvantageous for you to fully or partially withdraw a policy before its maturity date. Some disadvantages are:
 - You are losing valuable benefits from the policy:
 - You are losing the insurance protection offered by your policy;
 - You may not be able to achieve your intended financial objective;
 - This may result in losing the financial benefit accumulated over the years.
 - It may not be possible for you to obtain a similar level of protection on the same terms in the future.
 - You may not be insurable on standard terms;
 - You may have to pay a higher premium in view of higher age;
 - Withdrawing your insurance policy for another policy could result in loss of specific policy features due to changes in age or
 - health.

2. Additional Charges / Fees

If you surrender your policy (fully or partially) and then buy a new policy or investment-linked policy or other investment product, or top up on your existing investment-linked policy (ILP), you will incur new charges. These may include:

Distribution Fee

Commission paid to Financial Planner on all new insurance policies / investment products.

Administration Charge (ILP only)

There could be some sales charge/withdrawal fee that is charged for each new policy / investment product.

The sales charge/withdrawal fee can be as high as 5% of your investment-linked fund. Hence, on a single premium investment of \$\$10,000, a sales charge of \$\$500 would be deducted.

Policy Fee

A policy fee is usually incurred for each policy.

3.	Fund	Switching	Facility	(IID	nly
э.	runa	2MILCHILIS	racility	LILP (JIIIV

When the fund you have bought is not meeting your initial or current investment objective, you may switch to other fund(s) offered by the Company at its bid price without incurring any charges.

4. Other Options

Traditional:

If your policy has acquired a cash value, you may choose to:

- Apply for a cash loan to meet short term financial needs; or
- Convert to a reduced or paid up extended term insurance policy; or
- Reduce the policy regular premiums (applicable only to regular premiums policies).

ILP Only:

You may enquire whether there are other options available under your policy to meet your short term financial needs. Some options are:

- > Opt for a premium holiday if your policy has accumulated cash value. This allows you to temporarily stop paying premiums; or
- > Reduce the policy regular premiums (applicable only to regular premiums policies). This allows you to reduce your ongoing financial commitment to the policy.

5. Seeking Advice From Your Financial Planner

It is important to seek advice from your Financial Planner before early full/partial withdrawal of your investment-linked policy or other investment product. Your Financial Planner can advise you on your options other than withdrawing the policy and explain the implications of each option and provide appropriate recommendations to you, taking into account your investment objectives, financial situation and particular needs.
