#### Legacy planning for your loved ones

Your protection choices greatly impact the amount of wealth available for future generations. Protect the ones you care about and safeguard their financial future.

In the unfortunate event of death or upon the diagnosis of terminal illness, HSBC Life Term Protector Prime will pay out a cash benefit in lump sum of S\$2 million and above\* to your dependents, distributed according to your wishes.

### Protect your business

#### Support for your business ventures

You have put in so much to build your business and it is your biggest pride. You need to protect your assets and ensure your business continues should any misfortune happen to you.

Cash benefits payable under a term insurance plan offers valuable protection, ensuring that your business continues to operate in the way you want it.

\* This is purely illustrative. The actual benefit payout will depend on the chosen sum assured/premium.

## A bespoke solution that matches your needs

### Plan your cash flow with your preferred coverage term

#### Term-to-age<sup>1</sup> coverage term:

Option to be covered up to age 50, 55, 60, 65, 70, 75 or 99. Choose to pay over a shorter period of 15 or 20 years or for as long as your protection lasts.

#### Renewable<sup>2</sup> coverage term:

Option to pay for as long as your protection lasts for your selected coverage period of 5, 10, 15, 20, 25, or 30 years. Lump sum payment is only available for a coverage period of 5, 10 or 15 years.

### Choose to pay in your preferred currency

Choose the currency you want to be protected in: SGD, USD, EUR, GBP or AUD and pay for premiums in your preferred currency.

### Automatic and guaranteed renewability option<sup>3</sup>

**Renewal of your policy is guaranteed and automatic** and will not be dependent on your health condition. Renewal premiums will be based on your age when policy is renewed.

### Convertibility option<sup>4</sup>

As your needs and circumstances changes overtime, so does your plan. One of the best features of this plan - **the ability to convert your term plan into a different type of insurance plan of your choice** to suit your changing lifestyle.

### Indexation option<sup>5</sup>

Indexation protects your insurance benefits against the effects of inflation, minimising your exposure to inflation risks to keep up with Singapore's Consumer Price Index (CPI).

You have the flexibility of starting and stopping the indexation at any policy anniversary. Premium rates<sup>6</sup> and the sum assured will be adjusted accordingly, and made known to you at each adjustment.

### What you should consider when buying life insurance

- Your dependents**  
You may have loved ones such as a spouse, children or elderly parents, who depend on you for financial support. Consider your future expenses depending on your dependents' needs when choosing your life insurance coverage.
- Your legacy**  
Evaluate your financial situation and plan ahead if you want to distribute your wealth to your loved ones upon your passing.
- Your business**  
If you own a business, you should consider the value of your assets and ensure you preserve it equitably. This also applies to the compensation incurred upon involuntary exit of your key partners.

These are opinions expressed by HSBC Life (Singapore) Pte. Ltd. and experience(s) may vary from individual to individual.

Terms and conditions apply. Please refer to the product summaries of the respective riders for more information.

## Important notes

Term Protector Prime is underwritten by HSBC Life (Singapore) Pte. Ltd. (Reg. No.199903512M). This brochure contains only general information and does not have regard to the specific investment objectives, financial situation and the particular needs of any specific person. This is not a contract of insurance and is not intended as an offer or recommendation to buy the product. A copy of the product summary may be obtained from our authorised product distributors. You should read the product summary before deciding whether to purchase the product. You may wish to seek advice from a Financial Planner before making a commitment to purchase the product. In the event that you choose not to seek advice from a Financial Planner, you should consider whether the product in question is suitable for you. Please refer to the general provisions for the exact terms and conditions, specific details and exclusion of this product. As buying a life insurance policy is a long-term commitment, an early termination of the policy usually incurs high cost and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs. It is also detrimental to replace an existing life insurance policy with a new one as the new policy may cost more or have fewer benefits at the same cost.

This policy is protected under the Policy Owners Protection Scheme which is administered by the Singapore Deposit Insurance Corporation (SDIC). Coverage for your policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact us or visit the LIA or SDIC websites ([www.lia.org.sg](http://www.lia.org.sg) or [www.sdic.org.sg](http://www.sdic.org.sg)).
